

Top 10 reasons you need ExtraFax

DOMINO 8 READY

1. ExtraFax is a native Lotus Domino faxing solution that requires only one central database to run
2. ExtraFax supports clustering and failover to ensure high availability of faxing services
3. ExtraFax has been successfully deployed using Analog, Digital & Fax-over-IP (FoIP) technologies
4. ExtraFax uses native printing to ensure quality conversion of file attachments into a fax format
5. ExtraFax has an enhanced API that allows you to integrate ExtraFax with other applications
6. ExtraFax supports the sending and receiving of SMS and MMS messages
7. Use ExtraFax for accurate and efficient delivery of inbound faxes based on such methods as DID/DTMF, Caller ID, PORT level or bar code based routing
8. ExtraFax supports searchable PDF and TIFF formats for reliable Optical Character Recognition (OCR), allowing users to search documents quickly
9. ExtraFax allows you to restrict access for users and/or fax administrators to only see the cover page of a fax ensuring document confidentiality
10. ExtraFax supports the brand new innovative ExtraFax Plug-in for Sametime 7.5, allowing you to send faxes, SMS and MMS messages directly from the Sametime client
